

RHODODENDRONS

Retail Price List

Spring 1958

Vigorous young plants, grown from cuttings, and which should bloom next year, offer about the best possible value for your Rhododendron dollar. We also have budded plants, which will bloom this spring, of several varieties as indicated.

All plants are shipped with a good ball of soil so may be moved quite late if given a little shade and kept well watered. However the earlier they are planted the better growth they will make.

Indicate sizes desired by letters; May Day d. would mean a 12 to 15 inch plant without flower buds, May Day D., same size, with flower buds. The letters following each variety indicate the sizes available when this list was prepared.

VARIETY LIST

- A. Bedford - lavender, dark eye, d, e

For more information about these and other varieties see the American Rhododendron Society's "Rhododendrons 1956". We'll be glad to mail you a copy on receipt of \$4.25. We are actually growing about a hundred varieties in addition to the above. If you are looking for any special varieties we would be glad to try to help you.

Our Location

We are on the Sand Ridge Road, about 4 miles northeast of Long Beach, on a narrow peninsula between the Pacific Ocean and Willapa Bay. This is in the extreme southwest corner of the state of Washington. We would be very glad to have you stop in and examine our plants any time you happen to be in this vicinity.

Terms

Cash with order, F. O. B. Long Beach, Washington. Plants are guaranteed true to name but we will not be liable for more than the purchase price. Plants become your property upon delivery, in good condition, to the transportation company.

Shipment

Plants will be shipped by Express, or Motor Freight, collect, unless otherwise specified. Orders of one or two small plants may be shipped by parcel post, if you so desire; enclose ample estimated postage, and we will return any excess.
